Our Hen House Our Hen House is a central clearinghouse for all kinds of ideas and opportunities to create change for animals. With a blog, podcast, and video page, Our Hen House utilizes multi-media as a way to heighten awareness regarding the treatment of animals and how it can be improved. In the few months since it has started, Our Hen House has gotten mainstream attention from outlets like CNN and a feature in the major Latin American magazine, Trece:Veinte. With our primary goal being to effectively mainstream the movement to end the exploitation of animals, we showcase opportunities for individuals who already care about animals to start changing the world. Our Hen House, Inc. is a 501(c)(3) nonprofit organization. Contributions are tax-deductible as allowed by law and greatly appreciated!
